

REFERRAL FORM

For Behaviour Consultation

Behaviour problems may arise both directly and indirectly as a result of concurrent or previous medical conditions. Veterinary involvement is therefore essential to diagnose any causes of, or contribution to the problem that will require veterinary treatment. This may be prior to or alongside behaviour modification for any given case. In order to safeguard the welfare of your patient and indicate your approval for referral, please complete the following form:

VETERINARY SURGEON DETAILS

REFERRING VETERINARIAN

WHO AM I REFERRING TO?

The APBC has two categories of practitioners (CAB & ABT):

Clinical Animal Behaviourists (CAB), includes Veterinary Behaviourists (VB)	Animal Behaviour Technicians (ABT)
<ul style="list-style-type: none"> - Assess and evaluate animals that are demonstrating undesirable or inappropriate behaviour. - Develop behaviour modification and/or environmental modification plans. - Veterinary Behaviourists are also qualified Veterinary Surgeons. 	<ul style="list-style-type: none"> - Design and implement programmes to provide preventative and first-aid behavioural advice. - Support implementation of behaviour modification and/or environmental modification plans designed by CAB or VB.

Each category has three sub-levels (**Full, Provisional and Student**): Note: Student members are not allowed to see cases

THE REFERRAL PROCESS

Veterinary Surgeons are encouraged to comply with Section 5 of the RCVS Code of Professional Conduct as for any referral.

All Provisional and Full APBC members (CAB/VB) work solely on veterinary referral, regardless of species.

Owners approaching APBC members before veterinary referral will be directed back to their Veterinary Surgeon
